Reference: **Letter of Recommendation**

To whom it may concern,

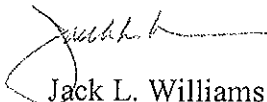

This letter is to serve as a testimonial of the services provided by El Camino Asphalt Paving Corporation. I have worked with El Camino for almost 20 years and have always found them to be a company with great abilities and the highest work and moral standards. El Camino has performed work on more than 40 different properties for me and my clients. They are willing to complete the smallest of jobs and are able to complete the largest of jobs.

The services that have been performed for me by El Camino have included asphalt repairs and replacement, concrete repairs and replacement, slurry seal application and asphalt overlay repairs.

As a Property Manager I have been exposed to many asphalt repair companies over the past 20 years and can say without hesitation that El Camino Paving has by far provided me and my clients with the best work product, cost and service.

Should you have any questions, please feel free to contact me.

Respectfully,

Jack L. Williams
Vice President
