To Whom It May Concern:

The Specialty Equipment Market Association hired El Camino Asphalt Paving Corporation to remove and replace approximately 41,600 square feet of parking space.

At all phases of this work we were kept informed regarding any potential issues, and given options for correction.

The work was performed within the time specified, equipment and workers were on the worksite when needed and there was no down-time.

I would not hesitate to recommend El Camino Asphalt Paving Company; they are professionals in their field. SEMA is very pleased with the results of their work.

If you require any further information, you can contact me at 909-396-0289.

Sincerely,

Linda A. Czarkowski
Vice President, Administration
